

## Cancer Detection Programme at ODISHA SPECIAL ARMED POLICE 6<sup>TH</sup> BATTALION, CUTTACK

Odisha Special Armed Police 6<sup>th</sup> Battalion located at beautiful historical city Cuttack is one of the best Battalions in Odisha Police.

This Battalion has been standing the best position among all the Battalions in different fields like sports, athletic events and welfare activities apart from its day to day L&O duty inside and

outside of the State. Due to the collective responsibilities, dedication and motivation of the force of this Bn., all these pride and glory have been achieved. Besides all these good works done by this Battalion, another noble work is recently added which may be

considered as a part of **Community Policing Programme**.

It was the opportunity of our Battalion that as per the letter No.- 30671/W Dt 20.08.2015 communicated from SP Hdqrs., Odisha, Cuttack we could

have organized this social programme. It is said that "Health is Wealth". The whole nation will be wealthy when each member of a family will be healthy. Keeping this health consciousness in mind, this Battalion had organized a **"Cancer Awareness Programme"** on Dt. 14.09.2015 inside

Battalion Hospital premises with the help of HCG Panda Curie Cancer Hospital, Telengapentha, Cuttack which was inaugurated by Sri

Lingaraj Parida, Commandant of this Battalion being assisted by Dr. A.K.Das with the staff of Battalion Hospital and all the force members with the kind cooperation of State Police Hdqrs., Cuttack.

In this Cancer detection and awareness programme eminent Cancer Specialist such as Dr. Krupasindhu Panda, (Retd.), Dr. Ranjit Kar and Dr. Tusar Mohapatra including 10 other assistants of Panda Curie Cancer Hospital attended and counseled the people present there

regarding the symptoms, precautions and prevention of the deadly disease "Cancer". In the afternoon of the same day all of these eminent doctors including doctor of Bn hospital and also Commandant of this Bn., had addressed the force members and their families on this awareness programme in the meeting hall of this Battalion. More than 200 patients of the Bn and the locality had checked their health, counseled with the experts and participated in this awareness programme.

The popularity of this programme has also been published in different leading Odiya News papers like The Samaj, The Sambad etc. Due to a good response and lot of appreciation in arranging such type of social welfare programme, this Battalion has been encouraged enormously with a ray of hope to go ahead rendering such good services in future also.
