Police Order No. 53 and P. M. Appx. 38-A prescribe the manner of the practical training of probationary S.-Is in different police Posts. The practical training of P.S.-Is is in Court offices for a period of 3 months in the 1st phase and 4 months in the 2nd phase as prescribed therein has outlined its utility as a substantial load of prosecution work has been shifted from the Court Police staff to the A.P.Ps appointed by the Law Department, after the new Cr. P. C. came into being. On the other hand, the need for their practical training in some specialised Units like F. P. Bureau, Handwriting Bureau and Government Railway Police has been keenly felt in the changed circumstances. It is, therefore, decided that henceforth, the P. S.
