In STF PS case no. 22/ 2021, U/S 275/276/420/467/468/471/120 B IPC r/w 27 C Drugs and Cosmetic Act 1940 registered on the report of Drug Officials of Cuttack, on the allegation of dealing in spurious/ fake medicines, especially medicines used in the treatment of COVID 19 ie FAVIMAX-200 and FAVIMAX-400 (Favipiravir) **one moe accused, being the Managing Director of "Medilloyd Medicament Private Limited" has been arrested by STF and is being forwarded to Court.**

During the course of investigation till date, it came to light that Max Relief Health Care is a dubious drug manufacturing company claiming to be manufacturing drugs in Solan, Himachal Pradesh. This dubious company was run by two persons. Both of them have been arrested by Mumbai Police earlier this month. It is also learnt that cases have been registered against these two in other states too.

Investigations by STF, Odisha Crime Branch so far have revealed that "Medilloyd Medicament Private Limited" conspired to procure Favimax tablets from "Max Relief Health Care" at a very low price (Rs 65/- per strip of 10 tablets) and had planned to sell them at a very high price (Rs 1290/- per strip of 10 tablets).

Yesterday, STF had arrested three accused persons in this case. With this, four persons have been arrested so far. Further, STF has also located and frozen more than Rs 50 lakh in the bank accounts of the accused and the above company.

Further investigation is on by multiple teams of STF in Odisha, Maharashtra and West Bengal.
